Large mailings are your business so you value quality. You require reliable equipment for long runs with the flexibility to meet demanding printing requirements.

Like a 4.0 GPA, the RENA Systems Envelope Imager 4.0 is the class leader. This new and improved, heavy-duty, full-featured addressing system is designed with unparalleled flexibility for the high performance and value you demand.

The 4.0 gives you a roomy 4" printing area and four fully independent print heads that can overlap for incredible coverage. Print addresses, attention lines, postal barcodes, return addresses and indicia in a single run. Print additional messages in a separate printing area. Take advantage of an inkjet cartridge storage compartment to extend the life of your cartridges and increase their yield.

The 4.0 features state-of-the-art technology, precision, high-quality parts, a durable unibody steel frame and it's American made. The next generation RENA Systems Envelope Imager 4.0 is the imaging system that is built to last and meet the demanding load of your business for years to come.

KEY FEATURES

- **4" print area from four individual print heads for maximum coverage/versatility**

- **High speed inkjet addressing at productivity boosting speeds of 34,000 postcards/hr**

- **Extra large material hopper holds up to 750 #10 envelopes for less job interruption**

- **Built in clutch controlled heavy-duty feeder with electronic thickness adjustment**
