One-Touch Shortcut Keys

Selecting a service has never been easier—or faster! Keys 0 thru 9 can be assigned as One-Touch shortcuts for any service desired.

Creating a shortcut is simple: when the desired service is displayed on the screen, press & hold any number key.

On-Screen Selections

Available services are clearly displayed in large text on the illuminated screen, which makes viewing and selecting services easier than ever.

This feature also enables the scale to be easily updated when services are modified or changed in the future.
