

# iCrease Pro +

Crease and perf in a single pass

Easy-to-use hand-feed operation

Memory locations for quick and easy job recall

Automatic sheet set-up with a single touch

User-friendly touch screen control

As easy as:

- 1 SELECT CREASE**
- 2 MEASURE SHEET LENGTH**
- 3 RUN SCREEN**

**Combines creasing and perforation in one simple yet powerful machine.**

*Rotary Action Creasing Assembly*

*Perforating Assembly*

*Touch Screen Controller*

The COUNT™ iCrease Pro + is a robust solution for creasing and perforation of digital media to eliminate cracking when folding. Get all of the automation of bigger COUNT machines in a simple hand-feed machine anyone can use. The iCrease Pro + can crease and perf in one pass (no need to refeed!), with multiple crease locations and perfect bind covers, with choice of automatic hinge placement or no hinge.

Sheet set-up is automatic for 11 types of folds, including perfect binding, and 12 custom presets. Perforations are also a snap with 5 interchangeable perf options, including 2 micro-perf options.

# iCrease Pro +

*The only desktop size machine for both creasing and perforating.*

## Features

- Simple one-step hand-feed operation means anyone can use it.
- Can crease and perforate in one pass – no need to manually refeed the paper into the machine after creasing.
- Two-sided die creasing rod accommodates shallow or deep crease for different stock – simply remove and flip over to change.
- Comes with pre-set crease locations for 11 different folds; plus 12 custom options to accommodate almost any fold.
- Crease up to 12 locations and 4 perforations per page.
- Switch from standard to micro perf in seconds – simply swap out the perf assembly.
- User-friendly touch screen for easy set up and control of the machine.

## Automatic Setup for the Most Common Folds

- Bi-Fold
- Tri-Fold
- Z-Fold
- Letter Fold
- Roll-Up Fold
- Gate Fold
- Double Gate Fold
- Double Parallel Fold
- Perfect Bind - No Hinge
- Perfect Bind - Single Hinge
- Perfect Bind - Double Hinge
